Rigging Manual
By Construction Safety Association of Ontario

This true benchmark in the rigging industry contains over 600 photos/illustrations and 70+ data tables. Topics include: wire & fiber rope, chain, rigging hardware, rigging procedures and precautions. 188 pages. Hardbound.

Sku: MNL-02 | Price: $64.95

Rigging Equipment
By Joseph A. MacDonald

This book is a must-have for rigging contractors, facility managers, and equipment operators. Featuring regulations, standards, guidelines, and recommendations applicable to critical lifts.

Sku: MNL-23 | Price: $68.00

Handbook of Rigging
By MacDonald, Rossnagel and Higgins

Updated and expanded to incorporate new advances and technologies, this book is a comprehensive source of information and guidelines on rigging. Hardbound.

Sku: MNL-20 | Price: $105.95

Hoisting and Rigging Safety Manual
By Construction Safety Association of Ontario

This manual identifies the basic hazards in rigging and hoisting, explains the safeguards necessary to control or eliminate these hazards, and spells out other safety requirements. Softbound.

Sku: MNL-13 | Price: $52.95

Rigging Metric
By James Headley, Crane Institute of America

Holding true to its parent volume Rigging, this pocket-size handbook is a must-have for anyone worldwide who works with cranes and rigging. Containing the latest information on wire rope, rigging hardware, and slings, including capacity tables and charts. Also covered are load weight estimation, sling loading calculations, and proper handling of loads.

Sku: AMNL-12 | Price: $23.95

These must-have handbooks are excellent for training and perfect for anyone who works with cranes and rigging.

Trainers certified by Crane Institute receive discounts on select Books and DVDs!
**Rigging (continued)**

**IPT Crane & Rigging Handbook**  
*By Ronald G. Garby*

Revised in 2005. Reorganized, updated and expanded. Five new sections and over 100 pages added. The IPT’s Crane and Rigging Handbook is used for reference and/or training in every type of industry and all methods of classroom training in North America.

Sku: MNL-43 | Price: $24.95

**Wire Rope Inspection Guidelines**  
*By Wire Rope Technical Board*

12 pages, 8.5” x 11” Softbound.  
Sku: RCC-18 | Price: $3.95

**Wire Rope Sling User’s Manual**  
*By Wire Rope Technical Board*

This companion volume to the Wire Rope Users Manual includes: glossary of wire rope sling terms, useful guidelines for riggers, turning loads with slings, capacity charts for all types of wire rope slings, rigger’s checklist, crane hand signals, and how to care for wire rope slings. 8.5” x 11” Softbound.  
Sku: MNL-05 | Price: $66.00

**Forklifts**  
*By James Headley, Crane Institute of America*

Absolutely the best handbook published on the safe use of forklifts. This pocket-size handbook provides operators, managers and safety professionals with the tools to identify and control lift truck hazards. Details training requirements, physical principles, lifting, moving, and placing loads in various operating environments. In addition, this handbook provides sample safety checklists for pre-operational inspection and lift planning. A must for operator training.

Field Guides

Crane Setup Sku: BKT-08 | Price: $6.95
Crane Setup Statistics reveal that proper crane setup reduces accidents by 50%. This field guide helps you do just that by illustrating and discussing all the important aspects, such as site preparation, setup on soft surfaces, how to level the crane, and more.

Working Cranes Near Power Lines Sku: BKT-09 | Price: $6.95
Power line contacts account for the majority of crane-related fatalities. To avoid this highly lethal type of accident, certain procedures must be followed. This field guide takes you step by step through the pre-lift meeting, maintaining the required clearances, utilizing a signal person, driving under power lines, and what an operator should do in the event of contact.

Hoisting Personnel Sku: BKT-10 | Price: $6.95
Using OSHA as a guide, this is a thorough overview of a vitally important yet often misunderstood aspect of crane operations. Topics include platform specification, trial and test lifts, pre-lift inspections and the procedures required to safely lift personnel.

Basic Operating Practices Sku: BKT-11 | Price: $6.95
This guide provides a thorough introduction to many of the essential practices and procedures employees need to be familiar with before beginning work around lifting equipment.

Conditions that Reduce Capacity Sku: BKT-12 | Price: $6.95
Avoiding conditions that cause a crane’s capacity to be lowered or compromised is the major focus of this field guide. Some of the factors discussed are crane condition, being out of level, operating in high winds, dynamic loading, and duty cycle operations.

Pre-Operational Inspection Sku: BKT-13 | Price: $6.95
Pre-Operational Inspection guides the person charged with this task through the key phases of the inspection, from the physical inspection to the final pre-operational test of all functions. Emphasis is placed on the inspection of wire rope and when it should be replaced. Ideal for both lattice and telescoping boom cranes.

How to Use Load Charts Sku: BKT-14 | Price: $10.95
Using load charts correctly is considered the single most important aspect of safe crane operation. Step by step, this guide explains how to determine the lifting capacity of a crane. Areas of operation, load radius, gross and net capacity, parts of the line and other common technical terms are also defined and illustrated.

Fall Protection Sku: BKT-15 | Price: $15.95
Following OSHA guidelines, this field guide discusses types, requirements and applications of standard fall protection systems. This field guide is an excellent model for training personnel in the reduction of fall-related accidents. Sure to catch the reader’s attention are the sections on dynamics of a fall, and fatality statistics. Call for Special Trainer Pricing.

Scaffolding Safety Sku: BKT-16 | Price: $16.95
This handbook presents OSHA’s scaffolding regulations in a clear, understandable format. Illustrations provide the competent person and others the knowledge to erect frame scaffolding in compliance with federal regulations. Describes major types of metal frame scaffolding and their use; details potential hazards associated with scaffolding erection and provides remedies. Safety checklists and scaffolding exercises are also included. Great text for Training!
Operating Techniques for the Tractor-Loader Backhoe
By Gary Ober

Since 1983 this book has been the standard training source for schools, utilities, and public works. Operating Techniques for the Tractor-Loader-Backhoe explains how to get maximum productivity from this versatile machine.

Sku: MNL-08 | Price: $39.95

The History of Road Building Equipment
By KHL International

To chart the history of road building equipment is to virtually chart the history of civilization itself. Many great names come to the fore as the chronicle is told.

Sku: MNL-27 | Price: $79.95

IPT Rotating Equipment Handbook
By Bruce M. Basaraba & James A. Archer

IPT’s Rotating Equipment Handbook emphasizes the use of proven diagnostic, and corrective methods and procedures for determining machinery condition and predicting mechanical problems for Millwrights, Industrial Mechanics, Heavy Duty Mechanics, Machinists, and Rotating Equipment Technicians.

Sku: MNL-48 | Price: $24.95

Heavy Equipment DVDs can be found on Page 18.

Safety Manuals by AEM
$7.95 each

These safety manuals are intended to point out some of the basic safety situations that may be encountered during the normal operation and maintenance of your machine and to suggest possible ways of dealing with these conditions.

Aerial Platform Safety Manual
Sku: MNL-29

Truck Mounted Forklift Safety Manual
Sku: MNL-32

Rough Terrain Forklift Trucks Safety Manual
Sku: MNL-40

Digger Derricks Safety Manual
Sku: MNL-04

Backhoe Loader Safety Manual

Skid Steer Safety Manual
Sku: MNL-35
The OSHA Answer Books
By Mark Moran

The OSHA Answer Books are truly the Employer's Guide that answers. The OSHA Answer Book is written in plain, easy-to-understand language. Not government gobbledygook. It covers what a business person needs to know to comply with General Industry regulations.

Sku: MNL-10 | Price: $79.95

The Hazard Communication Answer Book
Sku: MNL-61 | Price: $79.95

The OSHA Inspection Answer Book
Sku: MNL-62 | Price: $79.95

Miscellaneous DVDs can be found on Page 18.

Pocket Ref
By Thomas J. Glover

Information for do-it-yourselfers, engineers, craftsmen, etc. The ultimate reference and problem solver! The uses for this book are endless.

Sku: MNL-07 | Price: $58.95

Construction Health & Safety Manual
By Construction Safety Association of Ontario

This is the book to read for protection against construction health and safety hazards. Topics include personal protective equipment, scaffolds, hazardous substances, and much more.

Sku: MNL-31 | Price: $29.95

Construction Foreman’s Safety Handbook
By George Kennedy

Written to help managers, supervisors and foremen understand the basic components of a safety program. This book discusses what they can do to prepare for a very important part of their job - accident prevention. Softbound.

Sku: MNL-07 | Price: $58.95

Crane Safety Manual
By AEM: Association of Equipment Manufacturers

Crane Safety Manual provides extensive information regarding safe crane operation and maintenance with an entire section devoted to hand signals.

Sku: MNL-14 | Price: $9.95

OSHA 1926 Subpart CC
Cranes & Derricks
Reformatted By Crane Institute of America

OSHA’s New Crane Regulations in an easy to use format. The index makes it easy to navigate the 81 pages of information on Inspection, Operator Certification, Rigger and Signalperson Qualification and more.

Sku: MNL-53 | Price: $11.95
Training and Certification/Qualification

Through our training programs, thousands of operators, inspectors, riggers and trainers have been trained and certified, all having a positive impact toward reducing accidents. Additionally, supervisors, managers and equipment owners have been provided with the training necessary to establish and improve safety programs on their job sites. Our training and certification programs are offered in two formats, Scheduled and On-Site:

Scheduled Programs
- Mobile Crane Operator, Hands-On
- Lift Director
- Rigger/Signalperson
- Rigging Equipment Inspector
- Mobile Crane Inspector
- Aerial Lift Inspector & Operator
- Train the Trainer
- Managing Crane Safety
- Lift Planner
- Master Rigger
- Overhead Crane Inspector & Operator
- Tower Crane Inspector & Operator
- Forklift Inspector & Operator

On-Site Programs
These training programs are specifically developed for the customer’s cranes and equipment and are conducted on-site at the customer’s facility. Technical information is presented in a classroom setting followed by fieldwork where students are taught the basic and advanced techniques of actual crane operation, rigging, and inspection. Training can be conducted on all types of cranes and equipment for all levels of personnel.

Contact us at 1-800-832-2726 for a cost proposal.

Authorized Training Partnership
CIA Authorized Training Partnership is specifically designed for CIA Certified Trainers who are interested in providing quality training. Our expertly developed training programs and matching materials are excellent for those preparing to take nationally accredited certifications or to aid in qualification.

To purchase a license to use our Online Training Partnership or to find out more about our Authorized Training Partnership, call 407-322-6800.
Certifications

Crane Institute of America (CIA) offers CIC OSHA recognized certifications for operators of mobile cranes, riggers and signalpersons.

A Higher Level of Certification

- OSHA recognized certifications
- Meets OSHA’s type and capacity requirement
- Only 1 practical exam required
- Realistic written and practical exams
- Easy sign up and receive cards quickly

To Register, call 407-878-5590
Toll Free 844-546-3362

Telescoping Boom Cranes
(Carrier/Crawler)
- Under 21 Tons
- 21-75 Tons
- Over 75 Tons

Multi-Purpose Cranes
- Articulating Boom Crane
- Digger Derrick Crane
- Service/Mechanic Truck Crane
- Special Designations

Lattice Boom Cranes
- Carrier
- Crawler

Rigger & Signal Person
- Rigger / Signalperson
- Master Rigger
Hand Signal & Reference Cards

Hand Signal Cards
By Crane Institute of America

Illustrate the correct hand signals required by OSHA and ASME or ANSI when directing operators. Laminated & weatherproof, (min. order 10). Qty Discounts Available.

| Mobile Cranes | Sku: HSC-14 | Price: $2.35 |
| Overhead Cranes | Sku: HSC-15 | Price: $1.95 |
| Tower Cranes | Sku: HSC-16 | Price: $1.95 |
| Forklifts | Sku: HSC-19 | Price: $1.95 |

Hand Signal Hard Hat Sticker
By Crane Institute of America

Curved to fit on the side or bill of your hard hat. All the correct hand signals required by OSHA and ASME when directing operators of mobile cranes. Weatherproof.

Sku: HSC-18 | Price: $2.95

Rigger Capacity Card
By Crane Institute of America

Contains capacities for eye bolts, shackles, wire rope, chain and synthetic web slings. Included are weights of common materials used on job sites and a step-by-step example of how to calculate sling loading. Laminated & weatherproof. (min. order 10). Qty Discount Available. Also available in Metric.

Sku: RCC-13 | Price: $2.95
Sku: RCC-19 | Price: $2.95 (Metric)

Rigger Safety Reference Card
By Crane Institute of America

This pocket size fold-up card is a quick reference card to the important aspects of rigging. The key areas covered are wire rope, slings, hardware and rigging practices. Laminated and weatherproof. Qty Discounts Available.

Sku: RCC-16 | Price: $6.95

Crane Safety Reference Card
By Crane Institute of America

This pocket size fold-up card is a valuable reference guide for all operators and other personnel working with mobile cranes. Key areas covered are crane setup, pre-operational inspection, working near power lines and how to interpret load charts. Laminated and weatherproof. Qty Discount Available.

Sku: RCC-14 | Price: $6.95

Hoisting Personnel Safety Reference Card
By Crane Institute of America

This pocket size reference card is ideal for pre-lift meetings, training, and to help improve safety when cranes are used to lift personnel. Covers platform requirements, selection of rigging, trial and test lifts and pre-lift inspection. Laminated and weatherproof. Qty Discounts Available.

Sku: RCC-15 | Price: $4.95

Ready Reference Cards
By Crane Institute of America

Laminated & weatherproof wallet-sized cards ideal as a quick reference.

Crane Setup covers site preparation, positioning the crane, unstable ground and more.
Sku: RRC-14 | Price: $3.95

Pre-Op Inspection covers OSHA each shift and ASME Pre-operational inspections.

| Telescoping Boom | Sku: RRC-15 | Price: $2.95 |
| Lattice Boom | Sku: RRC-17 | Price: $2.95 |

Power Line Safety covers the pre-lift meeting, clearances, response to contact and more.
Sku: RRC-16 | Price: $3.95

Wire Rope Inspection details the minimum allowable size in fractions and 1,000ths.
Sku: RRC-18 | Price: $2.95

Assembly/Disassembly covers the key areas of assembly/disassembly and more.
Sku: RRC-19 | Price: $3.95

Safe Operating Practices & Procedures covers the key areas of operation and more.
Sku: RRC-20 | Price: $3.95
Charts, Posters & Warning Decals

Mobile Crane Hand Signal Chart
By Crane Institute of America
Illustrates the correct mobile crane hand signals required by OSHA and ASME when directing operators of mobile cranes. Full color graphic design. 18” x 24”.
Sku: PST-17 | Price: $14.95

Power Line Warning Decal
By Crane Institute of America
5.5” x 8.5”
Sku: WD1050 | Price: $6.95

Forklift Hand Signal Chart
By Crane Institute of America
Illustrates the correct hand signals required by OSHA and ANSI to ensure your forklift operators are using standardized hand signals. This chart includes signals for telehandler and standard forklifts. Self-adhesive and weatherproof. 8.5” x 11”.
Sku: HSC-19 | Price: $14.95

Overhead Crane Hand Signal Poster
By Crane Institute of America
Illustrates the correct overhead crane hand signals required by OSHA and ASME when directing operators of overhead cranes. Full color graphic design. 18” x 24”.
Sku: PST-18 | Price: $14.95
